

Page 1 has been amended to recite the United States patent number which corresponds to the identified European Patent Publication No. 8203. Said patent number is also disclosed on the enclosed Form PTO-1449. The undersigned does not have a copy of said patent. However, a copy of page 289 from the Official Gazette of September 1, 1981 reporting said patent is enclosed for the Examiner's convenience.

If the Examiner has any suggestions or questions or further objections, a telephone call is invited to settle still outstanding matters.

Respectfully submitted,

HERBERT GOODMAN
